YOUR CONSERVATION & EFFICIENCY PROGRAM

Energy Solutions for the Home Program

FACT SHEET

FACT SHEET

Energy Solutions for the Home Program

- “Energy Solutions for the Home” is a program administered by Hawai‘i Energy that provides cash incentives for individuals to purchase and install ENERGY STAR® qualified appliances and compact fluorescent lights (CFLs).
- The incentives are currently available for the residential Electric Utility Rate Payers of O‘ahu, Maui County and Hawai‘i County.
- ENERGY STAR qualified products include: standard, specialty and dimmable CFLs; ceiling fans, clothes washers, dish washers, refrigerators and room air conditioners.
- An average Hawai‘i family can save about \$80 to \$240 each year on energy costs, depending on the appliances and CFLs selected and their usage.
- The Energy Solutions for the Home program helps both homeowners and Hawai‘i’s environment by:
 1. Reducing upfront costs for purchasing energy-efficient appliances and CFLs
 2. Shrinking monthly energy bills, thanks to more energy-efficient products
 3. Helping to reduce Hawai‘i’s dependence on imported fuel oil

Current Hawai‘i Energy Rebate Amounts for ENERGY STAR® Appliances:

\$40 Ceiling Fan
\$50 Clothes Washer
\$50 Dishwasher
\$50 Refrigerator
\$75 Window Air Conditioner
\$110 Ductless Split Air Conditioner

There is also a \$50 incentive for customers that hire a Hawaii Energy-registered C52 contractor to service their central air conditioner to make it more efficient.

- Consumers can also get anywhere from \$1 back for a standard CFL purchase to \$15 for a 6-pack of dimmable or cold cathode fluorescent lamp (CCFLs).
- ENERGY STAR-labeled appliances have met rigorous energy-efficiency standards set by the U.S. Environmental Protection Agency and incorporate advanced technologies that use 10 to 15 percent less energy and water than standard models.
- Consumers must apply for the rebate within six months of purchase and include the original sales receipt. It's also on a first-come, first-serve basis, subject to the availability of funds.
- To find a list of participating retailers that offer rebates for Energy Solutions for the Home, please visit www.hawaiienergy.com.
- Rebate applications can also be downloaded and printed from www.hawaiienergy.com. Simply click on "Rebate Forms" then on "ENERGY STAR Appliance and AC Maintenance Application".
